We, STOPAQ EUROPE, manufacturers and suppliers of the STOPAQ[®] Corrosion Preventative CZH system, guarantee to the original purchaser only, that the STOPAQ[®] Corrosion Preventative CZH System, if applied according to the STOPAQ[®] Application Procedure, gives a protection against external corrosion only, of the substrate up to 70°C operation temperature, that is covered by this STOPAQ[®] Corrosion Preventative System, for a period of 30 years, provided that the quality control forms are correctly filled out and returned to the supplier.

This Warranty is void if any corrosion occurs as a consequence of circumstances beyond the control of STOPAQ EUROPE, such as internal corrosion, inflicted damage to the system, excessive quantities of chemicals present in the soil, etc.

This Warranty is restricted to the costs of the STOPAQ[®] Corrosion Preventative System necessary for an eventual repair of the previous applied STOPAQ[®] Corrosion Preventative System and does not cover any consequential damage.

This Warranty shall be governed by Dutch Law. All disputes arising in connection with this Warranty shall be settled by the district court of Groningen, The Netherlands.
